

**DINNER & LEARN:**  
**Breast Cancer, Breast Conservation Treatment & Radiation Therapy**  
**with Dr. Jonathan Abelson, MD**

**Date:** Tuesday, April 25th  
**Time:** 6:30-8:00pm  
**Location:** Cancer Support Community  
530 Hampshire Road  
Westlake Village, CA 91361  
**Cost:** Free  
**RSVP:** Please RSVP (805) 379-4777

One of the most common cancers in women is breast cancer. Women often have choices to make in management, not least of which is whether to pursue breast conservation or mastectomy. Participants will learn about the history of mastectomy and breast conservation therapy, including the role of radiation therapy. Advances in radiation technology to ensure effectiveness and safety will be reviewed. **Dinner will be graciously provided by Coastal Oncology Medical Group.**

Dr. Jonathan Abelson obtained his M.D. from UCLA medical school and completed his residency training in Radiation Oncology at Stanford University, serving as chief resident in his final year. Dr. Abelson is Board Certified in Radiation Oncology by the American Board of Radiology practicing at North Oaks Radiation Oncology Center in Thousand Oaks, Westlake Village Radiation Oncology Center, and Simi Valley Radiation Oncology Center. **Please RSVP 805-379-4777**

Remember that we are a fragrance free environment, please refrain from wearing perfume and/or scented lotion.
